

# ***Personalize Your WEDDING CEREMONY***

You've set the date and set the stage. When the moment comes to join hands and hearts, what will you say and do to share your joy with those you love most?

If you plan to marry outside a traditional house of worship, your ceremony can begin to take shape in a meaningful way during this class. We'll focus on the practical options and personal elements that will tailor your ceremony to your values, beliefs and the style of your event.

In an atmosphere that welcomes all paths including non-religious and same-sex, we'll discuss:

- wedding format: where and how to add your touches
- writing vows
- legal matters: license, finding officiants, etc.
- blending customs and diverse backgrounds
- how to include your family and friends
- appropriate rituals and language

***Come share and prepare for your special day!***

*Instructor: Susan Spector has co-written and presided at weddings and other events for over twenty years. As an Interfaith minister, she honors all traditions, cultures and paths.*
